# Do You Wanna Be Perfect

Par Selena Gomez

*Album : I Said I Love You First... And You Said It Back*

Hi, do you wanna be perfect?

Do you wanna be sexy?

Do you wanna live up to completely unrealistic standards

Set by the current landscape of social media?

Oh, wow, do we have the product for you!

Now for six easy payments

Of only a hundred thirty-nine dollars, these—

What? Hey, hey

Hey, hey, what are— what are you doing?

Hey, don't turn that off, just give me my mic

Hang on, hang on

No more of the unrealistic standards of perfect

It's so boring

Actually, just be exactly who you are

There's literally no one like you
