Sex on the Ceiling

Par Sevyn Streeter

Album : Call Me Crazy, But...

mattress, being on the floor

I'mma need just do a little more yea oh

Shower is overrated

Baby I anticipated tonight

It's when we goin be one

Turn the bed upside down, flip me round

Gravity's left the building

I'll be on top, really I'll be on the bottom

'Cause we goin' be having sex on the ceiling

Take me higher, take me higher boy

Switch it up one time one-eighty , drive me crazy baby we gon' have sex on the ceiling

I don't ever ever wanna come down boy

And I have you standing up when I'm around boy

So whenever you get that feeling

Baby we goin' have sex on ceiling

Nothing beneath us but the carpet

I need some furniture, let's get it started

But my body is orthopedic

Victoria, give me the secret

And I've been saving it for you

I turn the TV up, up, up, up

I'm so proud of droppin' it low

To the top don't stop, let's go

Turn the bed upside down, flip me round

Gravity's left the building

I'll be on top, really I'll be on the bottom

'Cause we goin' be having sex on the ceiling

Take me higher, take me higher boy

Switch it up one time one-eighty, drive me crazy baby we gon' have sex on the ceiling

I don't never ever wanna come down boy

I'mma have you standing up when I'm around boy

So whenever you get that feeling

Baby we gon' have sex on the ceiling

Want you to take me up, up, up, up

I'm so tired of dropping it low

To the top don't stop, let's go

Want you to take me (up) baby take me (up), little higher (up)

You can be my (up) one desire

I'm so tired of dropping it low

To the top don't stop, let's go

Turn the bed upside down, flip me round

Gravity's left the building

I'll be on top, really I'll be on the bottom

'Cause we gonn' be having sex on the ceiling

Take me higher, take me higher boy

Switch it up one time one-eighty, drive me crazy baby we gonn' have sex on the ceiling

I don't never ever wanna come down boy

I'mma have you standing up when I'm around boy

So whenever you get that feeling

Baby we gonn' have sex on the ceiling

Sex on the ceiling

Sex on the ceiling
