# Rock Around the Clock ..Bill Haley cover

Par Sex Pistols

*Album : The Sex Pistols in The Uk*

Six, nine, four o'clock, twelve o'clock (whistle)

Ate that, tape that, biclea oea (whistle)

Seven o'one, eight o'clock

**We're gonna (whistle) around the clock tonight**

Strange that sound, let them roll

We're gonna have some fun until the clock strikes two

**We're gonna (whistle) around the clock tonight**

(Whistle, whistle, whistle) 'til the broad daylight

We're gonna (whistle), gonna fuck around the clock tonight

When the clock strikes five, turn me on

The bad way down facious five

Gonna (whistle) fuck around the clock tonight

Around round clock to the broad daylight

We're gonna suck, gonna suck around the clock tonight

When the chance is six, four, three

Annie said me you'd been shoutin' at me

(Whistle) around the clock tonight

(Whistle, whistle) 'til the broad daylight

Gonna (whistle), gonna (whistle) round the clock tonight

Eight, nine ten, attended too

Earnie got a style of foul on you

(Whistle), around the clock tonight

(Whistle), (whistle), (whistle) 'til the broad daylight

**Gonna suck, gonna suck around the clock tonight**

When the clock strikes new, we'll cool off

Boah a foah fucking go

Gonna suck around the clock tonight

Suck, suck, (whistle) 'til broad daylight

**Gonna suck, gonna suck around the clock tonight**
