Wonderful Life

Par Shakra

Album : Hard-Rock Attack vol.1

I can fly now 'cause meaning I've found

Time for movin' on

Deeply breathing I'm gonna feel free

I'm gonna let the past all go

I close my eyes to find my guide

What a wonderful life

Gonna take a midnight flight

Where I glide through the stream of my life

Spread my wings and I'll fly

Unified with the sky

It's a wonderful, colorful life

When I'm looking 'round I see it's paradise

In awe again – it's a wonderful life

I used to hold – Hold myself down

But now I understand

I clearly see my way in front of me

The way I have to go for now

What a wonderful life

Gonna take a midnight flight

Where I glide through the stream of my life

Spread my wings and I'll fly

Unified with the sky

It's a wonderful, colorful life

When I'm looking 'round I see it's paradise

In awe again – it's a wonderful life
