### Cracked (Paused)

Par SINN6R

*Album : 2Often*

Trust, you can do what you want, I don't own ya

Spent half my team's on coke, I'll pop me a blue pill, lookin' like Zola

**Bad lil' bitch, high heels, Demonia**

**Classy, still gonna fuck on the sofa**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**

Huh, gas 'cause the flow is on crack, huh

Yo, good morning, I'm like captain, sippin' on Morgan

Love consent, I ain't doing no forcing

These man really fucked up, they're boarding

Old nigga in the rap game, that's wraps, spin that trap, with cut from the clock

**Huh, who's gonna tell me to stop?**

**Huh, who's gonna tell me to stop?**

Like, I've just been besties with my leaker, that's my boy, I gu?ss

I gave him the chosen t?st, if you don't wanna comply, grab the vest

You can get shot in the eye, bro, or your mother's breast

Huh, I'm trying my best, not to be vexxed, it can change a lot if I pop that X

Sex, money, drugs, made 20K off my fucking voice

Lola, "Wanna come crib?" "Wanna be friends?" I ain't got a fucking choice

Back then, would've been moist, now two fingers up, now she wanna go squirt

Make my cash on jerk, bro got a shank inside, Lil Uzi Vert

Swerve, pull up, burst

Took a little time from the 6, came back quick and I came back worse

Sold my soul when I took that turf, felt on top when I saw that Earth

You don't like me from my name? That's cool

I jump on the track and I put it in a hearse, real trench, made in the dirt

Trust (trust), trust

You can do what you want, I don't own ya

Swear half my team's on coke, I'll pop me a blue pill, lookin' like Zola

**Bad lil' bitch, high heels, Demonia**

**Classy, still gonna fuck on the sofa**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**

**Huh, gas 'cause the flow is on crack**
