Prosthetics - Demo

Par Slipknot

Album : Slipknot (25th Anniversary Edition)

Even if you run I will find you

I decided I want you, now I know I need

If you can't be bought, tougher than I thought

Keep in mind, I'm with you

Never left out fate, can't concentrate

Even if you run

You will be mine

Ah, fucking you will be mine

Ah, fucking you will be mine

Ah, fucking you will be mine

I found you

Leanin' out of an open window

You laughed, your fingers clenched

Too perfect, far too careless

I couldn't help myself, I just took you

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Better make yourself at home, you're here to stay

You won't bother me if you let me bother you

All the doors are locked, all the windows shut

Keep in mind, I watch you

Never leave my side, never leave me, fucker

Even if you run

What the fuck?

Walking away from me?

Come here

Don't make me fucking kick you down, I know

Get up

Get up, get up

What the fuck is different?

Man, I can't believe I'm doin' this

What the fuck is different?

Man, I can't believe I'm doin' this

What the fuck is different?

Man, I can't believe I'm doin' this

What the fuck is different?

Man, I can't believe I'm doin' this

What the fuck is different?

I can't believe I'm doin' this

What the fuck is different?

I can't believe I'm doin' it

What the fuck is different?

I can't believe I'm doin' this

What the fuck is different?

I can't believe I'm doin' it

Man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake

Damn it, man, I knew it was a mistake
