Another Toy

Par SPEED

Album : Gang Called Speed

You can rot in that shell

Toxic chauvinists, yeah, I know them well

Another toy bites the dust

Caustic in the brain, yeah, they know no shame

Big boys speed through

You dumb fuckers keep standing still

You got all stunt, no moves

We know a fake with one look at you, c'mon

It's your voice to use

Yeah, I'm all facts and fury

You're just a fool on the suck

Yeah, these words hold meaning

It's bred a culture of gronks

I'm not playing

Another toy thinks they know my name

We ain't built the same

Quit whining like you know the deal

You dumb fucks keep talking still

You have no fury and no cause

Just two sides where th?re's no love lost
