You go in that team

I go on this team

Divide everything

A flag or a number

Make 'em opposites

So there's a reason

Stigmatization

Okay, now we can fight

Divide everything

Just put it all flat

Justification

Don't think, man, you just fight

You go in that team

I go on this team

Divide everything

A flag or a number

Divide everything

Just put it all flat

Justification

Don't think, man, you just fight

Make 'em opposites

So there's a reason

Stigmatization

Okay, now we can fight

You go in that team

I go on this team

Divide everything

A flag or a number
