Tearin' Me Apart

Par Stone Whiskey

Album : Welcome To Rock Heaven

Been tossin' and turnin'

My heart is burnin'

Talkin' to myself

I see you've moved on

Left me alone

With, nowhere left to go

Cause girl you're tearin' me apart

People come and people say they go

On and on down that long and winding road

People come and people say they go

What once held strong, now just dust of the soul

Where'd we go wrong

The heartache bleeds strong

Picking up pieces

Shattered dreams

My heart still screams

Of the love, we once had

Cause girl you're tearin' me apart

Our lives keep drifting to the dark

People come and people say they go

On and on down that long and winding road

People come and people say they go

What once held strong, now is dust of the soul

Cause girl you're tearin' me apart

Our lives keep drifting to the dark

Cause girl you're tearin' me apart

Our lives keep drifting to the dark
