Album : omg

OMG, I'm so scene

Dyed hair and my skinny jeans

I feel like a tiny teen

I've injected—

(Marry me, Pröz)

Yeah, you know I'm drunk as fuck, I'm dancing at the party

All these bitches on me, they dancing on my body

Walking in the club, and I'm dressed in Eddy Hardy

I just came to fuck, but I'm also here to party

Gonna slit my wrist just for your attention

Come and kiss my cuts, I just wanna feel affection

Come and breathe my breath in

Trace my body, trace my skin

Leave my body in a bin

Feeling so, like, dead within

OMG, I'm so scene

Dyed hair and my skinny jeans

I feel like a tiny teen

I've injected HRT

HRT, what you mean?

I'm the city's daily dose of slutty scene

What I do, you can't repeat

Everybody wants to be like me

Another hoe licks my drink

I'm the only one who's in hot pink

Then I saw this hottie who got some hot ink

I'ma let him hit the puck like hockey

Don't stop me, shots are popping

One more line, this ass is dropping

Not even in the club

Call that window shopping

Gonna slit my wrist just for your attention

Come and kiss my cuts, I just wanna feel affection

OMG, I'm so scene

Dyed hair and my skinny jeans

I feel like a tiny teen

I've injected HRT

Leave my body in a bin

Feeling so, like, dead within

OMG, I'm so scene

Dyed hair and my skinny jeans

I feel like a tiny teen

I've injected HRT
