Par Suicide Commando

*Album : Cause of death: Suicide*

One death

One try

**Are you sure?**

**Do you really want to die?**

One life

One cry

Go away

You're nothing but a lie

One shot

And you'll die

In the head

In the centre of the eyes

One gun

One try

My god,

**Do you really want to die?**

**Do you really want to die?**

**Do you really want to die?**

One death

One try

**Are you sure?**

**Do you really want to die?**

One step

One try

on the edge

Do you really want to try

One tempt

One cry

I can't cope

I no longer want this life

One rope

One try

My god,

**Do you really want to die?**

**Do you really want to die?**

Do you?
