### Misfit

Par T. Rex

*Album : 20th Century Superstar (Disc 1)*

Surplus store misfit

I don't wanna quit

Too many times I chickened

And just split.

Bill the little misfit

**I don't wanna see**

Pop out picyures

Of you and maybe me.

Baby why don't you

Scream and split

I cant break away

**I just seen the light.**

Wimpy bar misfit

**I don't wanna be**

Like Billy the kid

Left hangin' from no tree.

Strung along misfit

**I don't wanna see**

People put you down

And all I wanna be is free.

Water bed misfit

**I don't wanna be**

Used and ridden and hidden

Most mysteriously.

Scary little misfit

**I don't wanna see**

Every scene tha's been

And every scene that's liable to be.

Why don't you

Just scream and split

Cos I can' break away

**I just seen the light.**
