# Don't Rush Me

Par Taylor Dayne

*Album : Hot Ladies of the 80's*

Red roses, temptation

You make the most of an ify situation

I'm weighing my decision

Who's to say if it's love, or if it isn't?

**Only time will tell**

**Just how well I'll get to know you**

**Don't mean to lead you on**

**But I want to take it slowly, slowly**

**So don't rush me**

**I've made that mistake before**

**And don't rush me**

**This love could be so much more**

It's well worth the waiting for

Desire can mean danger

I wanna lover, not another stranger

I'm saving all my passion

Who's to say if it's love or just attraction?

**Only time will tell**

**Just how well I'll get to know you**

**Don't mean to lead you on**

**But I want to take it slowly, slowly**

**So don't rush me**

**I've made that mistake before**

**And don't rush me**

**This love could be so much more**

It's well worth waiting

**And don't rush me**

**I've made that mistake before**

**And don't rush me**

**This love could be so much more**

**It's well worth the waiting**

And my resistance is weakening, weakening

Every time we touch

'Cause baby, you got everything, everything

That I've been dreamin' of

**So don't rush me**

**I've made that mistake before**

**But don't rush me**

**This love could be so much more**

**It's well worth the waiting**

**And don't rush me**

**I've made that mistake before**

**And don't rush me**

This love could be so much more, yeah, yeah

**But don't rush me**

**I've made that mistake before**

**But don't rush me**

**I've made that mistake before**

**But don't rush me**

**This love could be so much more**

**But don't rush me**

**I've made that mistake before**
