Break It Down Again

Par Tears for Fears

Album : Shout

Here we go!

Break it down again

So those are my dreams

And these are my eyes

Stand tall like a man

Headstrong like a horse

When it's all mixed up

Better break it down

In the world of secrets

In the world of sound

It's in the way you're always hiding from the light

See for yourself you have been sitting on a time bomb

No revolution maybe someone somewhere else

Could show you something new about you and your inner song

And all the love and all the love in the world

Won't stop the rain from falling

Waste seeping underground

(Break it down again)

I want to break it down

(Break it down again)

Break it down again

So those are my schemes

And these are my plans

Hot tips for the boys

Fresh news from the force

When it's all mixed up

Better break it down

In the world of silence

In the world of sound

"No sleep for dreaming" say the architects of life

Big bouncing babies, bread and butter can I have a slice

They make no mention of the beauty of decay

Blue, yellow, pink umbrella save it for a rainy day

And all the love and all the love in the world

Won't stop the rain from falling

Waste seeping underground

(Break it down again)

I want to break it down

(Break it down again)

Horsin' around (horsin' around)

Pray to the power

Play to the crowd with your big hit sound

And they won't simmer, won't simmer, won't simmer down

Play to the crowd

Pay to the crowd

Play yeah yeah

It's in the way you're always hiding from the light

Fast off to heaven just like Moses on a motorbike

No revolution maybe someone somewhere else

Could show you something new to help

With the ups and downs

(Break it down again)

I want to break it down

(Break it down again)

Break it down again

(Break it down again)

(Break it down again)

Break it down again

No more sleepy dreaming

No more building up

It is time to dissolve

Break it down it again
