Shadow Boxer (Live)

Par The Angels

Album : Take It To The Streets (Deluxe Version)

Do not hold your breath

You'll find exceedingly difficult

And it's a danger to driving

Ask me questions, get no answers

Give me nothing, take no chances

Show me books with empty pages

Wind your clocks, read your gauges

Shadow boxer

Shadow boxer

Tell me truths that have no meaning

Live in rooms that have no ceiling

Now your friends are all departed

So your secret's closely guarded

Shadow boxer

Shadow boxer

Shadow boxer

Don't go walking out late at night

Bolt your door, lock your window tight

Be much safer staying out of sight

Yay, shadow boxer

Shadow boxer

Shadow boxer

Don't go walking out late at night

Bolt your door, lock your window tight

Be much safer staying out of sight

You might go down in a state of fright

Watch out when you're all alone

Locked inside your safety zone

You might find that you have turned to stone

Shadow boxer

Shadow boxer

Shadow boxer

Shadow boxer, you ain't nothin' but a shadow boxer

Shadow boxer

Shadow boxer

Yeah
