5D (Fifth Dimension)

Par The Byrds

Album : 1966 - Fifth Dimension

Oh, how is it that I could come out to you

And be still floatin'

And never hit bottom and keep falling through

Just relaxed and paying attention?

All my two-dimensional boundaries were gone

I had lost to them badly

I saw that world crumble and thought I was dead

But I found my senses still working

And as I continued to drop through the hole

I found all surrounding

To show me that joy innocently is

Just be quiet and feel it around you

And I opened my heart to the whole universe

And I found it was loving

And I saw the great blunder my teachers had made

Scientific delirium madness

Oh, I will keep falling as long as I live

Ah, without ending

And I will remember the place that is now

That has ended before the beginning

Oh, how is it that I could come out to you

And be still floatin'

And never hit bottom and keep falling through

Just relaxed and paying attention?
