Koka Kola

Par The Clash

Album : Academic Community Hall, Hong Kong Baptist University - 02.25.82

Elevator going up

In the gleaming corridor of the 51st floor

The money can be made if you really want some more

Executive decision, a clinical precision

Jumping from the windows filled with indecision

I get good advice from the advertising world

Treat me nice, party girl

Koka adds life where there isn't any

So freeze, man, freeze

It's the pause that refreshes in the corridors of power

When top men need a top up long before the happy hour

Your snakeskin suit and your alligator boot

You don't need a launderette, you can send them to the vet

I get my advice from the advertising world

Treat me nice, says the party girl

Koka adds life where there isn't any

So freeze, man, freeze

Koka Kola advertising and cocaine

Strolling down the Broadway in the rain

Neon light sign says it

I read it in the paper, they're crazy

Yeah, suit your life, maybe so

In the white house, I know

All over Berlin, they do it for years

And in Manhattan

Coming through the door is a snub nose 44

The barrel can't snort, it can spatter on the floor

Your eyeballs feel like pinballs

And your tongue feels like a fish

You're leaping from the windows, saying (aah)

"Don't give me none of this"

Crooked like, advertising world

Treat me nice, says the party girl

Koka adds life where there isn't any

Hit the deck
