Teenage Dream

Par The Damned

Album : Neat Neat Neat: The Alternative Anthology

Standing around trying to get her somewhere

Whatcha gonna do?

Tried and I can't speak

Gets you nowhere

Looking for a scheme

Ahh teenage dream

Ahh teenage dream

Lookin' for another teenage dream

Lookin' for another teenage dream

Well I'm lookin' for another teenage dream

Well I'm lookin' for another teenage dream

Stranger things have happened

Stranger things than this

What makes you feel so bad?

Stuck in the city

Hiding in the trash well feels like

I've been had

Ahh teenage dream

Ahh teenage dream

Lookin' for another teenage dream

Well I'm lookin' for another teenage dream

Lookin' for another teenage dream

Well I'm lookin' for another teenage dream

Lookin' for another teenage dream

Lookin' for another teenage dream

Well I'm lookin' for another teenage dream

Well I'm lookin' for another teenage dream

I said teenage teenage teenage dream

Teenage teenage teenage dream

Teenage teenage teenage dream

Teenage teenage teenage dream

Teenage teenage dream

Teenage teenage dream

Teenage teenage dream

Teenage teenage dream

Teenage dream!
