# Heartbeat Its A Lovebeat

Par The DeFranco Family

*Album : Dance Fever/Best Of Disco (Disc2)*

Girl, when I'm alone with you  
I get a feelin' through and through  
Tellin' me that love is comin' on  
My head starts spinnin' round and round  
And I don't care what's up or down  
Cause deep in my soul, I'm out of control  
When I start to hear the sound of

CHORUS:

A heartbeat, it's a lovebeat

**And a lovebeat is a good vibration**

Oh, a heartbeat is a lovebeat

**And when we meet, it's a good sensation**

**Listen to my heart pound**

**Listen to my love sound**

Feel it gettin' stronger

Can't hold back any longer

Heartbeat, it's a lovebeat

**And a lovebeat is a good vibration**

Oh a heartbeat it's a lovebeat

**And when we meet, it's a good sensation**

Listen

Pictures pass before my eyes

Like a vision in disguise

Tryin' to explain the way I feel

And there's a movement in my mind

Like a rhythm counting time

Breakin' down all my defenses

Overcomin' all of my senses

**Listen to my heart pound**

**Listen to my love sound**

Temp'rature is risin'

Girl, there's no disguisin'
