Kiss on the Lips

Par The Dualers

Album : The Melting Pot

So this one's dedicated to you

We're gonna finish tonight on this one

And it goes like this

There's so many rules in schools

That school you what to do, yeah

But some rush the door, ain't easy

Some preachy preacher's ways

Some sing of the blues

Everybody up, come on

Shimmy on, baby, you fall, let's go baby

Jump up, jump up

Jump up, where did he go

Jump up, jump up

Jump, jump, jump up

Jump up, now, now here we go

Yeah man, yeah man, yeah man, yeah man, yeah man

Here we go at the indie flow

It's a Dualer show

Kiss on the lips, my lover

You let the fires burn into each other

So kiss on the lips, my lover (kiss)

You know my heartbeat skips

Every time that you kiss my lips

Listen up

I'll come riding on the Brixton train (kiss)

To platform two

Oh, I, I'll meet you

Then we'll, we'll go strolling

Hold on, baby

I think it's clear as I step back in time

To days gone by

Oh you know I realise

How much I have missed you

Here we go, come on

Kiss on the lips, my lover

Let the fires burn into each other

So kiss on the lips, my lover

You know my heartbeat skips

Now every time that you kiss my lips

Hold on baby

Your daddy says I should leave you alone

But from the start

Oh you stole my heart

Now I can't forget you

I can't forget you, babe

So take a trip along the River Thames

To Tower Bridge

'Cause that's my favourite bridge

Then home for Crystal Palace

Sing it out, baby (London Tower)

Kiss on the lips my lover (jump, jump, jump)

Let the fires burn into each other (jump, jump, jump)

Kiss on the lips, my lover

You know my heartbeat skips (yes sir)

Everytime that you kiss my lips

Hold on a sec

Now skip a, skip a long, are you ready, London?

Now Bobby timing out from London Town, baby, come on

Ted Bloomingham ska for your dancing needs

If you live in a glasshouse, don't throw stones

Now kiss on the lips, my lover (yes sir)

Let the fires burn into each other

So kiss on the lips, my lover, yeah, yeah

You know my heartbeat skips

Every time that you kiss my lips

Come on, bring it on, bring it on

Alright, at the Indigo

Are you ready to sing with this show?

We got the cameras standing by

We're gonna sing it, everybody sing this song

I want you to sing now

Kiss on the lips, my lover

Let the fires burn into each other

Indigo, do sing, come on

(Kiss on the lips, my lover)

Let the fires burn (let the fires burn)

Into each other (into each other)

A little louder at the Indigo, sing it out

A kiss on the lips, my lover

Let the fires burn

Let the fires burn into each other

Into each other

One more time, we're gonna harmonise, with my brother

Kiss on the lips, my lover, aw yeah

You let the fires burn into each other

Oh with the band we're gonna play it now

A kiss on the lips, my lover

Let the fires burn into each other

So a kiss on the lips, my lover

You know my heartbeat skips

Every time that you kiss my lips

You know my heartbeat skips

Every time that you kiss my lips

So when I say, come and kiss me

Come and kiss me, oh kiss me

Kiss me like you'll soon be gone

Imagine these folks

You've been listenin' to the sound of the Dualers

God bless one and all

Thank you so much for coming down

Yeah

Yeah baby

Yeah baby

Yeah baby

Yeah baby, guitar

Thank you, goodnight (God bless, thank you)

Stick around if you want any signings and stuff

We're gonna be down there at signings and all that sort of bits and pieces

And DJ Cello now is gonna be playin' some tunes

He's been waiting all night to come on, so, uh

Stick around, grab a beer, we're sticking around as well

See you in a while, thanks very much indeed again, cheers
