You Have To Be Joking (Autopsy Of The Devil's Brain)

Par The Flaming Lips

Album : 1992-Hit To Death In The Future Head

You have to be joking

They wouldn't do what you said

Oh, my vision is blurred again

You have to be kiddin' me

They wouldn't do those unspeakable things

Oh, my Jesus

It's worse than you think

Stood here in the morning

Got no science to explain

Seems to me that God and the devil

Are both the same

You have to be lyin'

They wouldn't do what you told me about

Oh, my vision is blurred again
