Contraband

Par The Mad Caddies

Album : Live From Toronto: Songs In The Key Of Eh

Dont wanna live the normal life

Got contraband in my eyes

Alcohol and cigarettes,

Good white drugs i aint done yet

I like to fuck

I like to fight

Starting shit just feels right

In the end we all just die

So along the way why not get high?

[Chorus:]

Contraband,

god I love you

Contraband,

I need you so

Contraband,

I wanna hold ya

Contraband,

lets fuckin' go

Contraband,

gonna take you to the show

Some may say ive lost my mind
Out of control but i feel fine
As long as theres still drugs to do
Beers to drink
Girls to screw
Smokin' crack
With transients
In a park somehow makes sense
See ya in rehab,
you stupid fuck
That' all for now so lets go get drunk

[Chorus]

Contraband,

god I love you

Contraband,

I need you so

Contraband,

I wanna hold ya

Contraband,

lets fuckin' go

Contraband,

gonna take you to the show
