San Francisco

Par The Mowgli's

Album : Guardians of the Galaxy: Awesome Mix, Vol. 3

I've been in love with love and the idea of

Something binding us together,

You know that love is strong enough,

And I've seen time tell tales of that

Systematic drug, yeah that

Heart that beats as one,

It's collectively, unconsciously composed,

Doo doo doo doo doo doo doo doo

Doo doo doo doo doo doo doo doo

Doo doo doo doo doo doo doo doo

Well I lost my head in San Francisco,

Waiting for the fog to roll out,

But I found it in a raincloud,

It was smilin' down

Do you feel the love?

I feel the love

C'mon, c'mon let's start it up,

Let it pour out of your soul

I've been in love with love and the idea of,

Something binding us together,

You know that love is strong enough,

And I've seen time tell tales about that,

Systematic drug, yeah that heart that beats as one,

It's collectively, unconsciously composed

Do you feel the love?

I feel the love,

C'mon, c'mon let's start it up,

Let it pour out of your soul

Do you feel the love?

I feel the love,

C'mon, c'mon let's start it up,

Let it pour out of your soul

Doo doo doo doo doo doo doo doo

Doo doo doo doo doo doo doo doo

Doo doo doo doo doo doo doo doo
