My People

Par The Presets

Album : Triple J's Hottest 100: 20 Years

Nah nah nah

Nah nah ah

Nah nah ah

Nah nah ah

I'm here with all of my people

Nah nah nah

Locked up with all of my people

Nah nah nah

So let me hear you scream if you're with me

Nah ah nah nah

So let's head in your room, lovely

I follow all around the world for you

And you'll find out tonight, oh

It's a world of extreme

Oh they'll take all our ceremony

They'll never find a happy hope for you,

But know that's not the only only chance you'll get, yeah you'll see

Oh,

I'm here with all of my people

Nah nah nah

Locked up with all of my people

Nah nah nah

So let me hear you scream if you're with me

Nah nah nah

I'm here with all of my people

Nah nah nah nah

Shut down with all of my people

Nah nah nah

So let me here you scream if you're with me

Nah nah nah nah

Still the celebration haunts

Today I heard it on the radio

You've gone and found a way to get me out from this place

Soldiers on the waterfront

They wanna ship me far away

I'll find my way out tonight so I can find my way to you

I'm here with all of my people

Nah nah nah

Locked up with all of my people

Nah nah nah

So let you scream if you're with me

Nah nah nah nah

I'm here with all of my people

Nah nah nah

Shut down with all of my people

Nah nah nah

So let me hear you scream if you're with me

Nah nah nah nah

I'm here with all of my people

Nah nah nah

Locked up with all of my people

Nah nah nah

I'm here with all of my people

Nah nah nah

Shut down with all of my people

Nah nah nah

And it feels so and it feels so good

And it feels so and it feels so good

And it feels so and it feels so good

And it feels so and it feels so good

And it feels so, so, so, so, so, so, so, so

I'm here with all of my people

Nah nah nah

Locked up with all of my people

Nah nah nah

So let me hear you scream if you're with me

Nah nah nah nah

I'm here with all of my people

Nah nah nah

Party time all of my people

Nah nah nah

So let me scream if you're with me

Nah nah nah nah

Nah nah
