If you believe the western sun

Is falling down on everyone

If you're breaking free and the morning's come

If you would know, your time has come

If you believe the western sun

Is falling down on everyone

And you feel it burn, don't try to run

And you feel it burn, your time has come

I feel it

You feel another energy

And I feel a power growing

You feel another energy

And I feel a power grow

You feel another energy

And I feel a power grow

If you believe the western sun

Is falling down on everyone

If you're breaking free and the morning's come

If you would know, your time has come

If you believe the western sun

Is falling down on everyone

And you feel it burn, don't try to run

And you feel it burn, your time has come

I feel it

You feel another energy

And I feel a power growing

You feel another energy

And I feel a power grow

You feel another energy

And I feel a power grow

OM Namah Narayana, OM Namah Narayana

OM Namah Narayana, OM Namah Narayana

OM Namah Narayana, OM Namah Narayana

OM Namah Narayana, OM Namah Narayana

OM Namah Narayana, OM Namah Narayana

OM Namah Narayana, OM Namah Narayana

OM Namah Narayana, OM Namah Narayana

And I feel it, and know i feel it, and I feel it, now-I-feel-another-energy

You feel another energy

And I feel a power growing

You feel another energy

And I feel a power grow
