# Dogs Of War

Par The Sensational Alex Harvey Band

*Album : Shout: The Essential Alex Harvey*

Who so ever... touches one hair... on yon grey head... dies like a dog.

March on!

Dogfight. Backbite. No one way of winning.

Please squeeze. Move your knees. Make way for a new beginning.

Hot cash. Backlash. Running from a living

Look around for new ground.

Make way to enter heaven

Chorus:

Wasted men feeding on the scraps

Dogs of war waiting in the traps

The hounds of hell. Machine gun fire

Memories of a fool for hire

**Come trouble.on the double**

**The mongrel.show his face**

**No claim.No name. Insanity.to blame**

Chorus

There may be danger in your head

You'll never know until you're dead

**Come trouble.on the double**

**The mongrel.show his face**

**No claim.No name. Insanity.to blame**

Royal Squire! He'll be there!

Cause he's caught up in the game

Chorus

Chorus

**Dogs of war and the hounds of hell**

**Together... they don't go so well**

**Dogs of war and the hounds of hell**

**Together... they don't go so well**

The dogs of war and the hounds of hell!
