New Age (Full Length Version)

Par The Velvet Underground

Album : Peel Slowly And See (Disc 5 - Loaded)

Can I have your autograph

He said to the fat blonde actress

You know I've seen every movie you've been in

From paths of pain to jewels of glory

And when you kissed robert mitchum

Gee but I thought you'd never catch him

Over the hill right now

And you're looking for love

You're over the hill right now

And you're looking for love

I'll come running to you honey when you want me

I'll come running to you honey when you want me

Can I have your autograph

He said to the fat blonde actress

You know I know everything you've done

Anyway I hate divorces

To the left is a marble shower

It was fun even for an hour

You're over the hill right now

And you're looking for love

You're over the hill right now

And you're looking for love

I'll come running to you honey when you want me

I'll come running to you honey when you want me

Something's got a hold on me

And I don't know what

Something's got a hold on me

And I don't know what

It's the beginning of a new age

It's the beginning of a new age

It's a new age
