Enjoy The Show (Single Version) (feat. Future)

Par The Weeknd

Album : Enjoy The Show (Single Version) (feat. Future)

Love me (me)

'Cause, baby, I need you (ooh)

Say you'll love me

'Cause, baby, I need you

Whoo (ooh)

Feels like you're a part of me, yeah

And I can't lie, you still get to me

Oh, no, I'm in my feelings, - their logic

They can never tear us 'part, we symbiotic

No matter what I tell the world, we always locked in

So I gently tilt my head like my mama always said

And drink it slow, take it slow

I don't got the tolerance like before

You pick me up when I'm low

I'm not violent to my body anymore

And I'm not scared, -, overdose

No one thought I'd make it past 24

And when the curtains call, I hope you mourn

And if you don't, I hope you enjoy the - show

Let me know, let me know, baby

Yeah, yeah, yeah, yeah

Yeah

Let me be

Let me be

Yeah, ski (who)

I can't feel my face anymore

I don't wanna give you any space anymore

I don't wanna feel like I'm alone anymore

I can't live without you, I've been goin' through withdrawals

You my favorite drug, you my favorite drug (ah)

Got me in my feelings, back drinkin' mud

Got me in my feelings, back drinkin' mud

Don't want the drugs, don't want the drugs, oh, no

Got out my feelings, inside my duffel

Come hit the dust with the devil (oh, no)

I'm sayin' a prayer for the rebels

I'm in her mouth like a real one

Ain't doin' no cappin'

Ain't with all that cappin'

Ain't nothin' like these rap -

I done been 'round the globe - these -

Still actin' like a trap -

Plus, a - brain can't be untamed, I'm like a shootin' star

Take a bump of caviar, surfin' at the baddest broad

Real diamond shinin' dark

Bad -, knockin' 'em off

Bad -, knockin' 'em off

Bad -, knockin' 'em off

I'm in my feelings, Hendrix

Yeah, yeah, yeah, yeah

Yeah, ski

Whoo

Let me be

Let me be
