# I Wish You Would

Par The Yardbirds

*Album : Smokestack Lightning (disc 1)*

It's 2 am, in your car

Windows down, you pass my street, the memories start

You say it's in the past, you drive straight ahead

You're thinking that I hate you now

Cause you still don't know what I never said

**I wish you would come back**

**Wish I never had hung up the phone like I did**

**I wish you would know that I never forget you as long as I'm living**

**Wish you were right here, right now, it's all good, I wish you would**

It's 2 am, in my room

Headlights pass, the window pane, I think of you

We were a crooked love, in a straight line down

**Makes you wanna run and hide**

Then it makes you turn right back around

**I wish you would come back**

**Wish I never had hung up the phone like I did**

**I wish you would know that I never forget you as long as I'm living**

**Wish you were right here, right now, it's all good, I wish you would**

**I wish we could go back**

**And remember what we were fighting for**

**I wish you know that I miss too much to be mad anymore**

**Wish you were right here, right now, it's all good, I wish you would**

**You always knew how push my buttons**

**You gave me everything and nothing**

**This mad mad love makes you come running**

**Stand back where you stood**

## **I Wish You Would**

2am here we are

See your face, hear my voice in the dark

We were a crooked love

In a straight line down

**Makes you wanna run and hide**

But it made us turn right back around

**I wish you would come back**

**Wish I never had hung up the phone like I did**

**I wish you would know that I never forget you as long as I'm living**

**Wish you were right here, right now, it's all good, I wish you would**

**I wish you would come back**

**Wish I never had hung up the phone like I did**

**I wish you would know that I never forget you as long as I'm living**

**Wish you were right here, right now, it's all good, I wish you would**

**I wish we could go back**

**And remember what we were fighting for**

**I wish you know that I miss too much to be mad anymore**

**Wish you were right here, right now, it's all good, I wish you would**

**You always knew how push my buttons**

**You gave me everything and nothing**

**This mad mad love makes you come running**

**Stand back where you stood**

**I Wish You Would**
