The Same Deep Water As You (Entreat Plus - Live 1989)

Par The_Cure

Album : *Disintegration*

"Kiss me goodbye"

Pushing out before I sleep

Can't you see I try?

Swimming the same deep water as you is hard

"The shallow drowned lose less than we" you breathe

The strangest twist upon your lips

"And we shall be together

And we shall be together"

"Kiss me goodbye

Bow your head and join with me"

And face pushed deep

Reflections meet

The strangest twist upon your lips

Disappear

The ripples clear

And softly breaks against your feet

Softly breaks the mirror sweet

"So we shall be together"

"Kiss me goodbye"

Pushing out before I sleep

It's lower now

And slower now

The strangest twist upon your lips

But I don't see

And I don't feel

But softly hold up silently

My hands before my fading eyes

And in my eyes

Your smile

The very last thing before I go

The very last thing before I go

The very last thing before I go

I will kiss you

I will kiss you

I will kiss you forever

On nights like this

I will kiss you

I will kiss you

And we shall be together
