Killing Me (sped up)

Par TheFatRat

Album : Killing Me

(killing me, killing me, killing me)

Haunted by monsters

Demon grimaces

They try to convince me

They're just happy faces

And so I try to fake a smile

Pretend that I'm alright

But it's killing me, killing me, killing me, killing me

Put a mask on my face

Pretend that I'm okay

But it's killing me, killing me, killing me, killing me

(killing me, killing me, killing me, killing me)

(killing me, killing me)

Not gonna find me

Won't recognize me

Make sure I fit in

Like I'm one of them

And so I try to fake a smile

Pretend that I'm alright

But it's killing me, killing me, killing me, killing me

Put a mask on my face

Pretend that I'm okay

But it's killing me, killing me, killing me, killing me

(killing me, killing me, killing me, killing me)

Sometimes I wonder

Amongst all the others

There might be someone

Who's not a monster, monster, monster, monster, monster

So I try to fake a smile (a smile)

Pretend that I'm alright

But it's killing me, killing me, killing me, killing me

Put a mask on my face

Pretend that I'm okay

But it's killing me, killing me, killing me, killing me

(killing me, killing me)

(killing me, killing me)

Haunted by monsters

Demon grimaces
