# Something You Got

Par Them

*Album : The Story Of Them Featuring Van Morrison (Disc 2)*

Something you got baby

You ought to know

It's something you got baby

Make me wanna be sold

Something you got baby

And you ought to know

A whoa whoa whoa whoa

I said, my my, whoa whoa

I love you so

**Well it's something you got baby**

Make me work hard everyday, everyday

**Something you got baby**

Make me bring home my pay yeah

And something you got baby

**You ought to know**

Whoa whoa whoa whoa

**I said a my my, whoa whoa**

**I love you so**

Hey, hey, hey

(Instrumental)

**Well it's something you got baby**

Make me come home every night, every night, every night

**It's something you got baby**

Make me wanna feel alright, feel alright

Something you got

**And you ought to know**

Oh whoa, whoa, whoa, whoa

**I said a my my, whoa whoa**

**My my my my my my, whoa whoa**

**I said a my my, whoa whoa**

**My my my my my my, whoa whoa**

**I said a my my, whoa whoa**

**I love you so**
