# Rosalie / Cowgirl's Song

Par Thin Lizzy

*Album : Live and Dangerous*

She's quite the mediator

A smoother operator you will never see

She'll see you later

No one dare disobey her openly

**She knows music**

**I know music too, you see**

**She got the power**

The teen queen, Rosalie

Rosalie

Rosalie

Rosalie

Rosalie

She's got the pleasure

Comes from all the cornerstones of the world

She's so fantastic

She's everybody's favorite little record girl

**She knows music**

**I know music too, you see**

**She got the power**

I got the power, Rosalie

Rosalie

Rosalie

Rosalie

Rosalie

Down on me, Rosalie

Shine on me, will you please?

From Chattanooga to good old Booga Loosa

You can hear her fine

She makes the choices

Then you'd best be smiling when it's choosing time

**She knows music**

**I know music too, you see**

She's got the power

She is a tower, Rosalie

Rosalie
