106 - Thirty Seconds - One Track Mind

Par Thirty Seconds

Album : Words On A Dusty Shelf

Love is like problems, we all got 'em

A dark night, remember

The sunrise, surrender

There isn't any other way

There isn't any other way

Hands tied, remember

It's suicide to surrender

There isn't any other way

There isn't any other way

I have a one track mind

I have a one track mind

There is a method to the madness

To the madness

Gotta have a one track mind, ooh

The sex and lies, remember

Look in my eyes, surrender

There isn't any other way

There isn't any other way

Outta luck, outta time

Outta sight, I'm outta mind

Mind

I have a one track mind

I have a one track mind

There is a method to the madness

To the madness

Gotta have a one track mind, ooh

Rode around town, I made it official now
Think about you every now and again
Miss the times, spendin' days fucking with you, girl
On my downtime, locking in
Take a ride around downtown
I'm not in the rain time
Come alive in the night time
Wasn't the right state
Wasn't the right mind
Love is like problems
We all got 'em
How come when you stop poppin'
Everybody problems, 'come your problems
Let me cry about it
Ain't my problems
Ain't my fault, Mystikal, Silkk the Shocker
Heard it's only 30 seconds 'til Mars
And it took you even less just to get to my heart

I have a one track mind

Method to the madness

One track mind

Method to the madness

One track mind

Method to the madness

One track mind
