# You Take Me Up (single edit)

Par Thompson Twins

*Album : Into the Gap*

I work on the front line

I work to survive

And I sleep in a fever

So this is my life

**I cry in my sleep (cry boy, cry boy)**

**Just makes me weep when I try, how I try**

**I know what it means to work hard on machines**

**It's a labour of love so please don't ask me why**

I'm looking for reasons (day in, day out)

I'm trying too hard (he's trying too hard)

Moving in circles (too hot, too hot)

Don't get very far (don't get very far)

Should I ask you to dance? (dance boy, dance boy)

If I promise romance would you come for the ride?

**I know what it means to work hard on machines**

Do you believe in love, one that lasts for all time?

**You take me up, oh**

**You take me up to the higher ground**

**You take me up, so high**

**Now I never wanna come back down**

I'm glad in these hard times (day in, day out)

There's hope in your eyes (hope in his eyes)

I don't need a religion (too hot, too hot)

'Cause this love never dies (love never dies)

I believe in today (believe boy, believe boy)

And it's better that way when you work through the night

**I know what it means to work hard on machines**

**It's a labour of love so please don't ask me why**

You take me up, oh

You take me up to the higher ground

You take me up, so high

Now I never wanna come back down

I cry in my sleep (cry boy, cry boy)

Just makes me weep when I try, how I try

I know what it means to work hard on machines

It's a labour of love so please don't ask me why

You take me up, oh

You take me up to the higher ground

You take me up, so high

Now I never wanna come back down

You take me up, oh

You take me up to the higher ground

You take me up, so high

Now I never wanna come back down
