On Silent Wings (Single Edit)

Par Tina Turner

Album : All the Best. The Hits (US)

There was a time when I would have followed you

To the end of the earth

I was willing to share it all with you

The love, the hurt

I've seen you when your dreams were falling in the dust

But I never stopped believing in you

I always thought our love was strong enough

One you could hold on to, oh

You never see it coming, you just let it fly

On silent wings, silent wings

You can't hide what you feel inside

And the fire has left your eyes on silent wings

I see us in our dreams and we're dancing

I can almost hear the song

But the prayers, they go unanswered

Between you and me, oh it's just a memory

You never see it coming, you just go separate ways

On silent wings, silent wings

There's no more promises to break

Oh our love has slipped away, on silent wings

You never see it coming but you know it has to end

On silent wings, silent wings

And I will never be the same again, I feel the whisper of the wind

On silent wings

There's no more promises to break

Oh our love has slipped away, on silent wings

On silent wings

Never be the same again

On silent wings, silent wings
