What About Your Friends

Par TLC

Album : Crazy Sexy Hits: The Very Best of TLC

Friends

What about your friends?

What about?

Friends

What about your friends?

What about, what about?

Every now and then I get a little crazy

That's not the way it's supposed to be

Sometimes my vision is a little hazy

I can't tell who I should trust

Or just who I let trust me, yeah

People try to say, "I act a little funny"

But that's just a figure of speech to me

They tell me, "I changed because I got money"

But if you were there before

Then you're still down with me

What about your friends?

Will they stand their ground?

Will they let you down again?

What about your friends?

Are they gonna be low down?

Will they ever be around?

Or will they turn their backs on you?

Well is it me or can it be

I am a little too friendly, so to speak

Hypothetically say "I supply creativity

To what others must take as a form of self-hate"

Only to make an enemy

Which results in unfortunate destiny

They dog me out then be next to me

Just 'cause I am what some choose to envy

Every now and then I get a little easy

I let a lot of people depend on me

I never thought they would ever deceive me

Don't you know when times got rough

I was standing on my own?

I'll never let another get that close to me

You see, I've grown a lot smarter now

Sometimes you have to choose and then you'll see

If your friend is true, they'll be there

With you through the thick and thin

What about your friends? (What about your friends?)

Will they stand their ground?

Will they let you down again? (Whoa)

What about your friends? (What about your friends?)

Are they gonna be low down? (Be low down)

Will they ever be around? (Be around)

Or will they turn their backs on you?

What about your friends? (What about your friends?)

Will they stand their ground? (Will they stand their ground?)

Will they let you down again? (Oh, oh, oh, oh)

What about your friends? (What about your friends?)

Are they gonna be low down? (Be low down)

Will they ever be around? (Be around)

Or will they turn their backs on you?

Yo, this is me, well is it me (here we go)

Or can it be I'm a little too friendly so to speak

Hypothetically say "I supply creativity

To what others must take as a form of self-hate"

Only to make an enemy

Which results in unfortunate destiny

They dog me out then be next to me

Just 'cause I am what some choose to envy

What about your friends?

Will they stand their ground?

Will they let you down again? Woah

What about your friends? (What about your friends?)

Are they gonna be low down? (Be low down)

Will they ever be around? (Be around)

Or will they turn their backs on you?

What about your friends?

Will they stand their ground? (Will they stand their ground?)

Will they let you down again? (oh, oh, oh)

What about your friends? (What about your friends?)

Are they gonna be low down? (Be low down)

Will they ever be around? (Be around)

Or will they turn their backs on you?

(What about your friends?)

I act a little funny

I wouldn't change not for no money

I'll be a friend as long as you're a friend to me, yeah, yeah

(What about your friends?)

Even though I might seem easy

It don't give you no cause to deceive me

It's not the way that I want my friends to ever be

What about your friends? (What about your friends?)

Will they stand their ground?

Will they let you down? Whoa

What about your friends? (What about your friends?)

Are they gonna be low down? (Be low down)

Will they ever be around? (Be around)

Or will they turn their backs on you?

What about your friends?

Will they stand their ground?

Will they let you down again? (oh, oh, oh)

What about your friends? (What about your friends?)

Are they gonna be low down?
