Autumn Leaves/Indian Summer

Par Tony Bennett

Album : MTV Unplugged

The falling leaves

Drift by the window

The autumn leaves

Of red and gold

I see your lips

The summer kisses

The sunburned hands

I used to hold

Since you went away

The days grow long

And soon I'll hear

Old winter's song

But I miss you most of all

My darling

When autumn leaves

Start to fall

Summer, you old Indian Summer

You're the tear that comes after June-time's laughter

You see so many dreams that don't come true

Dreams we fashioned when Summertime was new

You are here to watch over

Some heart that is broken by a word that somebody left unspoken

You're the ghost of a romance in June going astray

Fading too soon, that's why I say

"Farewell to you, Indian Summer"

The days grow long

And soon I'll hear

Old winter's song

But I miss you most of all

My darling

When autumn leaves
