# She

Par Toyah

*Album : The Blue Meaning*

She seethes into me

Raw meat flapping

Her barren pate above me

Raw meat filling me

Her flesh a cradle on me

A moat's mouth

**I spend my money**

**Astride of her**

**I straddle her on bended knees**

Her beggar's knees

Low quality of flesh

Of callous filth

Of piling dirt and death

Low quality of meat and cold sweat

**She heaves**

**She heaves**

**She heaves**

**She heaves**

The dirt on her flesh

**I spend my money**

**Astride of her**

**I straddle her on bended knees**

**I straddle her on bended knees**

She seethes above me

Raw meat seethes in and out of me

Our bodies clash

As soon as we greet

There's blood

Heat, blood, light

Our bones mash

I love that rash

I'm sick

We dance on bended knees

Raw meat between our toes

Raw meat to exhume our flesh

With rash

Raw meat in everywhere

I demand a date

**She heaves**

**She heaves**

**She heaves**

**She heaves**

**My slimy slut**

I straddle her

On bended knees

My raw meat

My catch to death

Her pale rashes

Your slimy slut

Her hollow rashes

Raw meat goes all the way

**Hallelujah**

**Hallelujah**

**My slimy slut**

**Get on your knees**

**Get on your knees**

I want to see you seethe

Under me

Raw meat

Raw meat

**Hallelujah**

**Hallelujah**

Raw meat gets to you

Will turn your legs

**You slimy slut**

You slimy, slimy, slimy slut

**I straddle you on bended knees**

The love of me

**I straddle you on bended knees**

Your cheap shit

**You slimy slut**

Raw meat

Raw meat

**Hallelujah**

**Hallelujah**

Filth up the street

Filth

You rancid bones

Your rancid flesh

Your rancid way

You filthy slut

**Get on your knees**

I straddle you on your knees

Raw meat

Raw meat

**Hallelujah**

**Hallelujah**

**Hallelujah**

**Hallelujah**

Raw meat seethes through you

Break the bone

Of your slimy slut

**Straddle my slut**

**Straddle my slut**

**Straddle my slut**

**Straddle my slut**

**Straddle my slut**

What you thought was a rash

What you thought was a rash

What you thought was a rash

Was trash

Was trash

Was trash

Was trash

Was trash
