# 07 Burlesque Desert Window

Par Trampled By Turtles

*Album : Alpenglow*

One, two

One, two, three, go

Sandy little pasture

Rolling like a wave in the middle

The pony in the sunset

Will break your pretty heart just a little

I see what never left

And I put the paintbrush back inside

Buy one of everything

There's a car waiting for you when it's raining

Maybe I'll see you in the spring

With those hard-headed pills that you're taking

**Go on and tell me it ain't love**

**As I wipe the tears right off the wall**

Oh, empty locker freedom

I'll see you in a little while

And honey you should see 'em

Their faces take up half the night

Draw a portrait of a pilgrim

Put it on a plow in the summer

I cook it 'til it's real done

I've been looking over and under

Yeah, we sing with everyone

And we like to keep those kids outside

And I remember breathing

A solitary light in a hovel

I'm hot and surely bleeding

Now can you get me out of this bubble

I'm in a disappearing town

Where everyone grew strong and tall

Isotonic freeze, yeah

Honey, can you feel me die?

Blankets in the breeze

We're silhouetted by the fire

**Go on and tell me it ain't love**

As I wipe the tears

**As I wipe the tears right off the wall**
