Back of the 2,

want a brand new pair of Lou (Lou Vuitton)

Bitch in business school,

oh, I like the way you move

She said I'm diggin' you,

I think I'm feelin' you

I like them water diamond baby,

let's go on a cruise

That Audi rest on it,

that Audi wreck on it

Ya know we come straight from the street

so in the street we train

So no, don't beef with it,

fuck a nigga, fuck a slut

I smash yo baby momma and put my finger in her butt

**Prolly see me two or three hoes in a blue flame**

**Prolly see me two or three hoes in a blue flame**

Bad bitch straight from DMV  
Them my hater niggas fo' TMZ  
BK Pow what yo lane at  
Hol' up, scrap with the her mat  
Money too big, money too long  
We never carry a watch  
When we went broke  
them nigga hell  
They like menace to society  
Hit the Blue flame, then meet you back  
Then they got hell of a body  
Givin' me hell, ridin' with scrat  
He known to carry with the side  
Dive in the pussy,  
out in the road  
Hold it like scatty too hottie  
Damn, I just caught me a body  
And I been fresh you a watchin'

**Prolly see me two or three hoes in a blue flame**

**Prolly see me two or three hoes in a blue flame**

I do what I gotta do

Countin' up by the pool

Pourin' up dirty Sprite

This ain't dirty Mountain Dew

Pockets fat, make my pants sag

Fuck the bitch, now I'm mad mad

Three bitch twerkin' in the car

Fuck around, made the van crash

Fuck around, made the clan mad

Black man in the White House

Fucked your girl on a white couch

Surboard make her wipe out

Blue flame addict Don't make go and grab them racks out the attic

I'm a fool, got to have it

Twenty racks, let her have it
