# It's So Easy

Par Twila Paris

*Album : The Early Works*

Sailing on the crest of a wave

Riding high

Feeling proud, so strong and so brave

Ready to fly

Looking through rose-colored glasses, I see

I can be all that I want me to be

**It's so easy to love You**

**It's so easy when the sun is always coming my way**

**It's so easy to love You**

**It's so easy when I'm winning every game that I play**

**Oh, Lord, it's so easy when I'm up**

**But help me love You when I'm down**

Funny how the change of the tide

Slows me down

All at once, I'm looking inside

Turning around

Bringing my heart into focus again

I need the hard times to see where I've been

'Cause it's so easy to love You

**It's so easy when the sun is always coming my way**

**It's so easy to love You**

**It's so easy when I'm winning every game that I play**

**Oh, Lord, it's so easy when I'm up**

**But help me love You when I'm down**

I will love You through the changing weather

Even through the shattered dreams

I have never loved You any better

Than I loved You when

My heart was staring at the seas

**It's so easy to love You**

**It's so easy when the sun is always coming my way**

It's so easy to love You

It's so easy when I'm winning every game that I play

Oh, Lord, it's so easy when I'm up

But help me love You when I'm down
