Par Twista

Album : *[standalone recordings]*

(Kell's and Twist') Uhh

Girl it ain't no other way to describe you

Your mamma raised you right

Yeah, I like that, it's like

**Sittin here in love rehab, I'm so crazy about you dear**

Doctor of my soul,

I will never check out of here

**Filled my prescription when I came to you and needed peace**

**You took me in and gave me joy and girl now I'm free**

**You are my circle, when I needed to talk you had my back (uhh)**

**You my homie we go back (uhh) thank you for the love rehab (uhh, uhh)**

Doin bad, ain't nobody in my life

I'mma kill a nigga or somebody gon' murder me soon

I'm a hope fiend, I need a woman in my life

Could you take me to the emergency room?

I need somebody that can nurse me back to health

Cause I'm out here lovesick, shakin like Pookie

You took me up outta the hoopty

Put me in the Lex 300 and got me blowin on dookie

Now why do I respect ya, cause she down for a nigga

Before I was rollin city to city

She got me screamin out yessir, like I'm Pretty Ricky

Lookin freaky freaky while I'm smokin the sticky-icky

When I'm down and out, you be rubbin my back

Because I miss you, you know I got issues

When I'm ridin dirty and I got the thumper

And the law pull me over you will hold my pistol

Sick of how the women harm on me, you charmin me

In the pharmacy of love, body be right I wanna hit you

You like a veteran when I need some medicine

You better than Exederin, fellas in trouble that wanna get you

**I thought I knew what real love was 'til I met you**

**I'm reminiscin on the love we had**

**I'mma stay sick forever hope I never get well**

**Cause you got me in a love rehab**

**Sittin here in love rehab, I'm so crazy about you dear**

**Doctor of my soul, I will never check out of here**

**Filled my prescription when I came to you and needed peace**

**You took me in and gave me joy and girl now I'm free**

**You are my circle, when I needed to talk you had my back (uhh)**

**You my homie we go back (uhh) thank you for the love rehab (uhh, uhh)**

So many problems, so many people, so many decisions

So many roads that I have to choose (yeah)

But still I'll roll the dice and pray that I don't lose

There were times that I got weak, fell short

I couldn't go on and, she came through

So many friends, so many liars, so many haters

Sometimes I just don't know who to trust

But yet and still I turn the wheel of life and try my luck

There was a time when I was broke, didn't have a job

And this woman, she showed me love

Ohh, since we first met, I've risin like an escalator

Now five years later, we have come up like an elevator

You made me better babe, when I thought I was goin crazy

I was just about to lose my mind, then you put me in your love rehab

**Sittin here in love rehab, I'm so crazy about you dear**

**Doctor of my soul, I will never check out of here**

**Filled my prescription when I came to you and needed peace**

**You took me in and gave me joy and girl now I'm free**

**You are my circle, when I needed to talk you had my back (uhh)**

**You my homie we go back (uhh) thank you for the love rehab (uhh, uhh)**

If I hit it I'mma spit that love flow

Forget what they all say

She the only one that helped me

Hit her with a little bit of "12 Play"

When the Twista wasn't proper sippin Vodka

I could remember tellin the love doctor I need some help

Through the fire like I'm shocker, love it every time I rock her

Cock a pistol when I think I bleed to death

My surgeon, and my methodome

The only one I talk to when I'm left alone

You the one that helped me fight through my challenges

Tell me what's my psychoanalysis

**I thought I knew what real love was 'til I met you**

**I'm reminiscin on the love we had**

**I'mma stay sick forever hope I never get well**

**Cause you got me in a love rehab**

**Sittin here in love rehab, I'm so crazy about you dear**

**Doctor of my soul, I will never check out of here**

**Filled my prescription when I came to you and needed peace**

**You took me in and gave me joy and girl now I'm free**

**You are my circle, when I needed to talk you had my back (uhh)**

**You my homie we go back (uhh) thank you for the love rehab (uhh, uhh)**

Gotta let her know that she the only reason

We make it through sometime

That's why we

(Sittin here in love rehab)
