This is for my grown

This is for my grown ass, sexy ass women

(women, women, women)

This is, this is, this is for my grown

This is for my grown ass, sexy ass women

(w-women)

This is for my grown

Let it rain, let it rain, let it rain

'Cause it's getting hot, girl

Give me all you got, girl

Don't have to rush, ain't going nowhere

I'll take off your thong

Put your legs in the air

Girl, I'm gonna pick you up, pick you up

Rock you like a baby, loving you so crazy

I'ma make you have a flashback

To your first time

But this time you know just what you like so

**Don't be acting shy up in this room**

Like I make you nervous, oh (oh)

**I'ma take my time and do your body right**

**If you let me (I promise)**

**I'ma make you feel like a virgin again, again**

**I'ma make you feel like a virgin again, again**

**I'ma make you feel like a virgin again, again**

**I'ma make you feel like a virgin**

**Promise I'ma make it all worth it**

**I'ma make you feel like a virgin again**

**This is for my grown**

**This is for my grown ass, sexy ass women**

**(women, women, women)**

**This is, this is, this is for my grown**

**This is for my grown ass, sexy ass women**

(w-women)

**This is for my grown**

Uh, let me kiss you to start it off

Damn, your lips so soft

Make a nigga wanna bite 'em off

This what you want-wanted', huh?

I'ma be your porn star

Baby, take your clothes off

Let me taste between your legs

Damn, you got me so hard

If I get it, I'ma hit right (right)

I know you tired, it's the middle of the night

Wanna give you that good love

Fall in love with me, shawty

You just might (might)

(A-ass out) legs up to the sky

Know this ain't your first time (first time)

So, baby, don't be

**Don't be acting shy up in this room**

Like I make you nervous, oh (haha, oh)

**I'ma take my time and do your body right**

**If you let me (I promise)**

**I'ma make you feel like a virgin again, again**

**I'ma make you feel like a virgin again, again**

I'ma make you feel like a virgin again, again

I'ma make you feel like a virgin

Promise I'ma make it all worth it

I'ma make you feel like a virgin again

This is for my grown

This is for my grown ass, sexy ass women

(women, women, women)

This is, this is, this is for my grown

This is for my grown ass, sexy ass women

(w-women)

This is for my grown
