Psychokiller

Par Ultima Thule

Album : För fäderneslandet

There is a killer, on the loose again

The hunt is on but question: end, when?

It must be violence against violence

That's our only chance for defense

Do you want your girlfriend to be killed

Just because a murder feels thrilled?

Get that psycho killer

String him up in a lane

Killer, killer - we want him dead!

It's not enough to lock him up in jail

I know this want make him loose his trail

Sunday press a killer is the headline

All bloody details, no trace, he feels fine

If we don't get him caught

Then this could be our last thought

Get that psycho killer

String him up in a lane

Killer, killer - we want him dead!
