Last Train To London

Par VA

Album : Retro exo Vol.2 (2024) MP3

It was nine twenty-nine

Nine twenty-nine, back street, big city

The sun was going down

There was music all around, it felt so right

It was one of those nights

One of those nights when you feel the world stop turning

You were standing there

There was music in the air

I should have been away

But I knew I had to stay

Last train to London

Just heading out

Last train to London

Just leaving town

But I really want tonight to last forever

I really wanna be with you

Let the music play on down the line tonight

It was one of those nights

One of those nights when you feel the fire is burning

Everybody was there, everybody to share

It was so right

There you were on your own

Looking like you were the only one around

I had to be with you

Nothing else that I could do

I should have been away

But I knew I had to stay

Last train to London

Just heading out

Last train to London

Just leaving town

But I really want tonight to last forever

I really wanna be with you

Let the music play on down the line tonight

Underneath a starry sky

Time was still but hours must really have rushed by

I didn't realize

But love was in your eyes

I really should have gone

But love went on and on

Last train to London

Just heading out

Last train to London

Just leaving town

But I really want tonight to last forever

I really wanna be with you

Let the music play on down the line tonight

But I really want tonight to last forever

I really wanna be with you

Let the music play on down the line tonight
