Send You Mind

Par Van Morrison

Album : Brown Eyed Girl

Send your mind

Send your mind

Send your mind

Send your mind

Well, you're out there on the highway

While you're drivin' a-roll on by

Goin' south between the bridges

While the river's runnin' dry

And if ya can't come home

Please send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Now you're talkin', where ya goin'?

On the train that sees the road

'Cross the nation, passing stations

While the night is as black as coal

And if you can't come home

Please send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Well, if your handle ain't, on your heartbeat

And you're headed between the sheet

And the sign isn't from the lamp post

On the corner of the street

And if ya can't come home

Please send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Send your mind

Send your mind
