Ohhh

**and I don't care how high you are**

ooh

ooh ooooh

mmmmm

two hands they take me by surprise

I'm gripping on to where I think I should arrive

we lay so vacant in the dark

take me now so I can wake up,

and drift away

**and I don't care how high you are**

**open your mind, inhale the dark**

**and I don't care how high you are**

**don't wake me up til we arrive**

ooh

mmmm

oooh

ooh oooh

mmmm

ahh ahh ah ahh

**and I don't and I don't and I don't and I don't**

**and I don't and I don't and I don't and I don't**

**and I don't and I don't and I don't and I don't**

**and I don't and I don't and I don't and I don't**

**and I don't care how high you are**

**open your mind, inhale the dark**

**and I don't care how high you are**

**don't wake me up til we arrive**
