It Could Have Been Better

(Kim Carnes/Dave Ellingson)

You won't see me cryin' anymore

And don't think because I mention your name

I still love you

But it could have been so so much better

**How could we know at the time**

**That is could have been so so much better**

**It's so easy to look back and say**

**That things could be so much better**

## If I had you today

Now what if we'd believed each other's lies  
And just suppose you'd tried holding me closer  
Once or twice  
Then it could have been so so much better

## How could we know at the time

That is could have been so so much better

It's so easy to look back and say

That things could be so much better

## If I had you today

The all night movies are my only company  
And love's so clear in black and white  
Somebody's wrong and somebody's always right  
Another happy ending and I'm still all alone  
And I wonder if it could have been so much better
