Push

Par VARIOUS ARTISTS

Album : The Many Faces of The Cure - Disc Two The Cure Live

Feeling good on a Wednesday
The image of me that you see
Is distorted, twisted, broken, fractured
Isolated miles out to sea
I don't want a separate place
I need to feel safe
Not thrown away, away, away, away

And I will push (push)
To tear down the walls

(Push, push)

Of this box you put me in
'Cause you don't understand

(Push, push)

Push, ow hot, push, ow hot

(Push, push)

To find a label that fits me

I'm feeling good on a Wednesday

With sparkling thoughts

Help me unload the car, ya ya ya

And so I push to close the door

Of the stall you've made for me to keep me away

And now we push, push, to stand together

Because I am Lorde, ya ya ya

Ya ya ya, I am Lorde

I am Lorde, ya ya ya

Ya ya ya, I am Lorde

Ya ya ya, ya ya ya

I am Lorde

Ya ya ya
